

MISSOULA OSTEOPATHIC CLINIC

Feel Better. Move Freely. Live Fully.

Imagine your healing journey as a road — winding through pain, rising toward relief, and opening to a horizon of movement and vitality. At Missoula Osteopathic Clinic, our regenerative injections support your body's natural ability to repair, so you can keep moving forward.

Now Offering Advanced Injections for Pain Relief and Healing:

Trigger Point Injections

Relieve stubborn muscle knots and reduce referred pain. Great for neck, shoulder, and back tension.

Nerve Hydrodissection

Free entrapped or irritated nerves with a gentle fluid-based technique that improves nerve mobility and reduces inflammation.

Perineural Injection Treatment (PIT)

Restore function and calm inflammation along superficial nerves using low-dose dextrose. Ideal for chronic pain and nerve sensitivity.
